**REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION**

To the Board of Directors  
Metal and Recycling Company K.S.C. (Public) and its subsidiaries  
State of Kuwait

**Introduction**

We have reviewed the accompanying interim condensed consolidated statement of financial position of Metal and Recycling Company K.S.C. (Public) (the "Parent Company") and its subsidiaries (the "Group") as of June 30, 2019, and the related interim condensed consolidated statements of profit or loss and other comprehensive income for the three months and six months periods then ended, and the related, interim consolidated statements of changes in equity and cash flows for the six months period then ended. Management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

**Scope of Review**

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim condensed consolidated financial information Performed by the Independent Auditor of the Entity." A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34.

**Emphasis of matters**

Without qualification on our conclusion, we draw attention to note (16) regarding right of utilization built on land leased by the Group, and is assigned to the company associate.

**Report on other Legal and Regulatory Requirements**

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016 as amended, its Executive Regulations as amended, or of the Parent Company's Memorandum of Incorporation and Articles of Association during the six months period ended June 30, 2019 that might have had a material effect on the Parent Company's financial position or results of its operation.

1. Incorporation and activities

Metal and Recycling K.S.C. (Public) the "Parent Company" is a Kuwaiti shareholding company (Public) registered in the State of Kuwait, and was incorporated based on Memorandum of Incorporation Ref. No. 113 / Volume 17 dated June 10, 1987 and its subsequent amendments, the latest of which was notarized in the commercial registration under Ref. No. 12320 dated on October 9, 2017.

The main activities of the Parent Company are as follows:

- Purchase and sale of used and scrap machinery and vehicles and their spare parts and all kinds of metals and their derivatives as well as representing specialized companies in such activities.
- Purchase and sale of the scrap of houses, industrial and commercial projects, including household tools, machinery, metal construction and other local scrap.
- Shredding, classifying; storing and selling waste and scrap inside and outside Kuwait.
- Importing machinery and materials necessary for recycling, shredding and storing scrap.
- Carrying out all trade, export and production relating to the Company's objectives inside and outside Kuwait.
- Establishing complementary industries to the trade and production of scrap.
- Management and development of areas of sale, purchase, production, and manufacture scrap and used materials and ancillary industries inside and outside State of Kuwait.
- Carrying out all demolishing and removal works for construction and representing companies in such field.
- Utilization of the Company's surplus funds by investing in portfolios managed by specialized companies.
- Holding and managing auctions related to the objectives of the Company locally and internationally and representing companies in such field.
- Developing, preparing, establishing, managing and operating industrial and professional areas.
- Incorporation and partial ownership of industrial companies and industrial management companies inside and outside State of Kuwait.
- Collection, transportation and utilization of trash waste, garbage and wreckage inside and outside State of Kuwait.
- Undertaking all kind of cleaning contracts and commitment for all agencies inside and outside State of Kuwait.
- Undertaking all kinds of services aiming at cleaning, developing and protecting the environment against pollution inside and outside State of Kuwait.
- Establishing, managing or maintaining all drainage and dumping centers and trading in the resulting materials inside and outside State of Kuwait.
- Establishing industries for recycling environmental waste, garbage and wreckage inside and outside Kuwait (with approval of the Public Authority for Industry).

The address of the Parent Company's registered office is P.O. Box 4520, Safat 13045, State of Kuwait.

The Parent Company is owned by 66.48% by Agility Public Warehousing Company – K.S.C. (Public) listed on the Kuwait Stock Exchange (the Ultimate Parent Company).

The Parent Company is currently discussing with the General Authority for Industry about the current location and the alternative locations available for its operations. The outcome of these discussions and their impact on the interim condensed consolidated financial information cannot be estimated at this time.

The Interim condensed consolidated financial information were authorized for issue by the Parent Company's Board of Directors on July 24, 2019.

**NOTES TO INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION (UNAUDITED)**  
**JUNE 30, 2019**  
 (All amounts are in Kuwaiti Dinars)

2. Basis of preparation

The interim condensed consolidated financial information of the Group is presented in Kuwaiti Dinars ("KD"), which is also the functional currency of the Parent Company.

The interim condensed consolidated financial information has been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting". The accounting policies used in the preparation of the interim condensed consolidated financial information for the period are consistent with those used in the preparation of the annual financial statements for the fiscal year ended December 31, 2018.

The interim condensed consolidated financial information do not include all the information and notes required for complete financial statements prepared in accordance with International Financial Reporting Standards. In the opinion of management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included in the accompanying interim condensed consolidated financial information. Operating results for the period ended June 30, 2019 are not necessarily indicative of the results that may be expected for the year ending December 31, 2019. For further information, refer to the consolidated financial statements and notes thereto for the year ended December 31, 2018.

3. Changes in accounting policies due to adoption of new standards

The Group is in the process of applying IFRS 16 – "Leases" from January 1, 2019. A number of other new amendments effective from January 1, 2019 do not have a material effect on the Group's interim condensed consolidated financial information.

IFRS 16 – "Leases"

In applying IFRS 16, the Group will recognize the "lease commitments" and the related "right to use assets" in respect of leases previously classified as operating leases under IAS 17 "Leasing". The Group will apply a uniform approach to recognition and measurement of all leases in which the leased group is located, except for short-term rentals and low-value assets. The value of the right to use the assets and lease commitments recorded as at 1 January 2019 amounted to KD 497,451 and KD 513,951 respectively, and prepaid expenses relating to an earlier operating lease amounting to KD 16,500 were eliminated without any impact on the retained earnings.

The Group will apply IFRS 16 using the modified retrospective method of adoption with the date of initial application of January 1, 2019 and accordingly, the comparative information is not restated. The Group elected to use the transition practical expedient allowing the standard to be applied only to contracts that were previously identified as leases applying IAS 17 and IFRIC 4 at the date of initial application. The Group also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (short-term leases), and lease contracts for which the underlying assets is of low value (low-value assets).

The accounting effect on the Group in applying IFRS 16 is as follows, this effect has not been recorded until the completion and lease study in full.

	<u>January 1, 2019</u>
<b>Assets:</b>	
Right of use assets	497,451
Prepaid expenses	16,500
Total assets	<u>513,951</u>
<b>Liabilities:</b>	
Lease liabilities	<u>513,951</u>
	<u>513,951</u>

The accounting policies of the Group upon adoption of IFRS 16 are as follows:

**a) Right of use assets:**

The Group recognises right of use assets at the commencement date of the lease (i.e. the date underlying asset is available for use). Right of use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities, except for right of use assets classified within investment properties as the group adopts the fair value model for its investment properties.

The cost of right of use assets includes the amount of lease liabilities recognised, initial direct cost incurred, and lease payments made at or before the commencement date less any lease incentives received. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised right of use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. The carrying value of the right-of-use assets is classified within the interim condensed statement of financial position.

**b) Lease liabilities:**

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of the lease payments to be made over the lease term. The lease payments include fixed payment (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognized as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the borrowing rate implicit in the lease is not readily determinable. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset and are recorded under lease liabilities in the interim condensed of statement of financial position.

**c) Short-term leases and leases of low-value assets:**

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered of low value. Lease payments on short-term leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

**d) Significant judgment in determining the lease term of contracts with renewal options:**

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonable certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has the option, under some of its leases to lease the assets for additional terms. The Group applies judgment in evaluating whether it is reasonably certain to exercise the option to renew. That is, it considers all relevant factors that create an economic incentive for it to exercise the renewal option. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise (or not to exercise) the option to renew (i.e. a change in business strategy).

Letters of credit	117,055	117,055	301,539
	<u>8,883,152</u>	<u>8,283,047</u>	<u>9,131,444</u>

Certain letters of guarantee are secured by time deposits and murabaha investments and receivable and other debit balances (Note 5, 6, 8)

**18. Fair value of financial instruments**

The Group measures financial assets available for sale and non-financial assets such as investment properties at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability.
- In the absence of a principal market, in the most advantageous market for the asset or liability

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.
